Sakuragawa is a private academy from preschool to college that it is like it's own warded-off miniature garden.
It is what you'd call a paradise for girls from well-off parents.
However, lustful predators are not unheard of.
Etou, the school nurse, accepted a request from the academy's board
To settle secretly any incidents that occur on the academy.
Saegusa Kumi.
Daughter from a large business, she transferred in out of season.
After enrolling she landed a heroine role in the drama club.
One of, if not, the most popular club in the academy.
Of course, people got jealous and bullied her.
But in no time...
All who opposed Saegusa went silent.
No one revealed why, and the true cause remains a mystery.

Ah!
So deep inside...
